

“SHARE THE LOVE” COUPON TERMS AND CONDITIONS

Last updated: November 2016

The “Share the Love” coupon (the “STL coupon”) is available to new and existing Modere Europe BVBA (“Modere”) Customers. The coupon’s value is €10.00/£10.00 depending on the currency of your account and may vary with the destination of your parcel. The STL coupon can’t be exchanged for cash.

You are eligible for the STL coupon if you have newly registered as a Customer with Modere with a valid referral code (also known as a promo code) of an existing Modere member. The coupon remains valid for 30 days from your Modere account creation. The price of the products that you order must exceed the amount of the coupon. The STL coupon will be automatically added to your cart during the check-out process.

You are also eligible for the STL coupon if you are an existing Customer and you have shared your referral code with someone who subsequently registered with Modere as a Customer and placed his or her first order within 30 days of registration. If you have several STL coupons, you can use more than one in one order but don’t have to. You will have to actively add the STL coupon to your order during the check-out process. If you forget to add the STL coupon to an order, you can still use it for a next order. These STL coupons remain valid for 365 days. The price of the products that you order must exceed the amount of the coupon or coupons that you have added to your order.

Whether you are a new Customer or an existing Customer, the STL coupon is only available if you live in a European location that is part of Modere. However, if you register with Modere using a referral code of someone who lives in another location, you as a new Customer in Europe can still benefit from the STL coupon. Just don’t forget to use the referral code when you create your account on www.modere.eu.

The terms and conditions relating to the STL coupon are in addition to and do not permanently supersede or modify in any way our [General Terms and Conditions](#). Modere may revise the terms and conditions relating to the STL coupon without prior warning and that includes changes to the value and the term of validity of the STL coupon.
