

# MOUTH RINSE

Clean mouth, fresh breath

## DESCRIPTION

Many adults face some type of oral health issue, including bad breath. These issues can be significant and should not be ignored, because oral health reflects and influences general health.

Modere Mouth Rinse offers leading-edge technology with effective, proven ingredients that maintain oral health and help reduce bad breath. This alcohol-free mouth rinse oxidizes and dissolves the food film that accumulates on teeth.

Swish Mouth Rinse around your mouth for 30 seconds to make a powerful difference in the way your mouth feels, tastes and smells. Modere Mouth Rinse gently rinses off food debris and does not irritate gums.

## FEATURES & BENEFITS

- Eliminates bad breath, leaving breath mint fresh
- Promotes healthy gums and teeth
- Alcohol-free

## KEY INGREDIENTS

- **Stabilized chlorine dioxide** – This oxidizing ingredient helps to promote significant breath odour reduction.
- **Peppermint flavouring** – provides a fresh flavour and taste.

## INGREDIENTS

Water (aqua), sodium chlorite (stabilized chlorine dioxide), flavor (aroma).
