

MÖDERE® FACT SHEETS

ANTI-AGING SERUM

PRODUCT DESCRIPTION:

Formulated with hydrating plant extracts like maca root and ginseng, our Anti-Aging Serum reduces the appearance of wrinkles, puffiness and under-eye bags. Each application works to fight signs of aging by moisturizing and enhancing your skin's radiant complexion and lifted appearance.

PRODUCT BENEFITS:

- Ginseng root extract helps reduce the appearance of wrinkles, puffiness and under-eye bags
- Rye seed extract enhances skin tone to provide a smooth and supple complexion
- Maca root helps increase skin radiance and luminosity
- Conditions skin and helps it retain moisture and feel softer
- Supports skin's natural defenses and combats oxidative stress from environmental exposure
- Leaves skin silky and smooth to the touch

POSITIONING STATEMENT:

While other anti-aging products may leave you feeling oily to the touch, our Anti-Aging Serum softens skin without the greasiness. Our unique blend of ingredients also combats oxidative stress, boosting your youthful glow for an even more beautiful complexion.

DIRECTIONS/USAGE:

Apply to face and neck and massage in well. For best results, use each morning and evening.
