DAY CREAM DRY SKIN

PRODUCT DESCRIPTION:
Our Day Cream Dry Skin infuses your skin with deep hydration, protects against environmental stresses and supports your skin’s luminosity. Visibly restore your skin’s healthy firmness, complexion and elasticity with this intensive moisturizer.

PRODUCT BENEFITS:
- Natural lipids make skin feel silky smooth while relieving dryness
- Antioxidant-rich botanicals guard skin against environmental stresses
- Resurrection plant derived extracts protect skin from the appearance of premature aging
- Vitamins C and E deliver antioxidant and skin conditioning benefits
- Formulated specifically to hydrate dry skin, support moisture balance and suppleness

POSITIONING STATEMENT:
Dealing with dry skin is always a challenge, especially in dry climates or after showering, when your skin needs nourishment the most. Our Day Cream Dry Skin thoroughly moisturizes parched skin with natural botanicals and lipids, working to replenish hydration in every application and leaving skin looking smoother and more luminous.

DIRECTIONS/USAGE:
Apply liberally to cleansed face and neck each morning. Massage in thoroughly until absorbed. Use in conjunction with your preferred Modere products as part of your daily skin care regimen.

KEY INGREDIENTS:
- Tetrahexydecyl Ascorbate (Vitamin C)
- Tocopheryl Acetate (Vitamin E)
