DEODORANT

PRODUCT DESCRIPTION:
Modere Deodorant provides long-lasting odor protection, using pure, naturally derived ingredients.

PRODUCT BENEFITS:
• *Aloe barbadensis* leaf juice from the aloe vera plant is a moisturizer whose natural compounds are reported to soothe the skin
• *Eucalyptus globulus* leaf extract is known for its pleasant smell and anti-odorant properties
• *Hamamelis virginiana* (witch hazel) extract is a natural astringent with powerful properties very suitable for underarm skin care
• *Salvia officinalis* (sage) leaf extract helps provide anti-odorant properties to neutralize odor-causing byproducts on the skin.
• *Coriandrum sativum* (coriander) seed extract is a very active herb, which neutralizes odor-causing byproducts on the skin.
• *Commiphora myrrha* resin (myrrh) extract is one of the world’s most ancient extracts, it is known for topical use to soothe the skin.

POSITIONING STATEMENT
Modere Deodorant is different from your store bought deodorant. Our plant-derived formula breaks up the stench party and stops offending body odor in its tracks, by naturally neutralizing stink-causing byproducts before they have a chance to cause embarrassing stenches.

Modere Deodorant uses several well-known and time-trusted botanicals. Eucalyptus leaf extract, coriander seed extract and witch hazel extract help neutralize bad smells in the first place. Aloe and myrrh help soothe your skin.

It isn’t just about what’s in the formula, either; our deodorant performs while avoiding the controversial ingredients found in many mainstream products, including aluminum salts. It’s the best of both worlds: a deodorant that really works and helps to keep you smelling great, and a formula that won’t have you worried about what your skin might be absorbing.

DIRECTIONS/USAGE:
Shake well before using. Apply Modere Deodorant and rub in until completely absorbed. Do not apply to damaged, inflamed, or compromised skin. If it causes irritation, discontinue use.

KEY INGREDIENTS:
• *Aloe barbadensis* (aloe vera) leaf juice
• *Eucalyptus globulus* (eucalyptus) leaf extract
• *Hamamelis virginiana* (witch hazel) extract
• *Salvia officinalis* (sage) leaf extract
