EXFOLIANT

PRODUCT DESCRIPTION:
Exfoliant is a mild exfoliator that gently sweeps away dead skin cells and surface impurities to leave skin smooth and luminous.

PRODUCT BENEFITS:
- Sweeps away dead skin cells and surface impurities without abrasive scrubbing or harsh enzymatic chemicals
- Massages and polishes skin surface with jojoba beads, prickly pear and bamboo for a smooth and radiant complexion
- Visibly rejuvenates and restores skin to a balanced state, leaving skin receptive to additional skin care
- Formulated with biodegradable jojoba beads instead of environmentally-harmful microbeads

POSITIONING STATEMENT:
Exfoliant is leading the wave of eco-conscious clarifiers. Featuring a unique blend of bamboo, jojoba beads and prickly pear to condition and tone, Exfoliant visibly tightens the appearance of pores, improves complexion and rejuvenates skin. And, because it’s manufactured by Modere, you can rest easy with the knowledge that Exfoliant is gentle on skin and gentler on the environment.

DIRECTIONS/USAGE:
Use two to three times each week. Apply generous amount onto wet, clean hands. Gently massage into face and neck. Rinse thoroughly. Ideal as a pre-shave product for skin preparation.

KEY INGREDIENTS:
- Jojoba Esters
