LIQUID BIOCELL® PET

PRODUCT DESCRIPTION:

Liquid BioCell® Pet is a cutting-edge, joint health solution for active and senior pets.

PRODUCT BENEFITS:

- Promotes healthy, flexible joints, tendons, ligaments & muscles
- Supports joint mobility & lubrication
- Promotes healthy cartilage & connective tissue
- Maintains healthy skin & a shiny coat
- Great-tasting natural flavor

POSITIONING STATEMENT:

Exclusively formulated with Collagen/HA Matrix Technology™, Liquid BioCell® Pet supports mobility and joint health. Our advanced liquid delivery system helps maintain the structure, function and flexibility of your pets' healthy joints, muscles and connective tissues. Our unique formula also supports normal daily exercise or active lifestyles while promoting healthy skin and a shiny coat.

DIRECTIONS/USAGE:

As a supplement for dogs and cats for healthy hips, joints, skin, and a shiny coat. Feed directly, with food or favorite treats.

Store in a cool, dry place away from sunlight. Keep lid tightly closed and keep out of reach of children. Do not use if the safety seal is broken. Refrigerate after opening.

KEY INGREDIENTS:

- *Liquid BioCell®*

INGREDIENT LIST:

Purified water, Liquid BioCell™ (hydrolyzed sternal cartilage collagen type II extract containing chondroitin sulfate and hyaluronic acid), Fructose, Citric Acid, Natural Flavor, Potassium Sorbate.
