SPORTS RUB

PRODUCT DESCRIPTION:

Modere Sports Rub is formulated with White Willow Bark extract to help you relax and Capsicum to provide a comforting feeling of warmth after your workout.

PRODUCT BENEFITS:

- White willow extract soothes and relaxes
- Capsicum extract provides an intense warming sensation to the skin
- Arnica is traditionally used to alleviate skin discomfort associated with exertion from physical activity
- Menthol and peppermint oil provide a cooling sensation to the skin and create a calming aroma to promote relaxation
- Ginseng extract provides skin protecting properties
- Lysine aspartate conditions and soothes skin

POSITIONING STATEMENT:

Pre- or post-workout, or whenever your mind and body need special attention, this rejuvenating rub features a stimulating scent and powerful herbs and extracts that soothe and cool the skin.

Massaging with Modere Sports Rub is the perfect treat your body deserves at the end of a long day. A massage with this blend of natural extracts and oils provides the skin with soothing relief after anything from casual activity to daily workouts. Peppermint oil and menthol provide a cooling sensation to the skin and release a therapeutic aroma that calms the senses, while capsicum provides a feeling of warmth. Arnica extract is used traditionally to soothe skin after physical activity, and white willow bark extract is known for its relaxing aroma.

Whatever physical activity your active life consists of, a massage with Sports Rub is what you need to help relax and recharge for tomorrow.

DIRECTIONS/USAGE:

Apply generously to the skin and massage so that the cream is absorbed into the skin for ultimate impact. Repeat three or four times daily or as needed.

CAUTION: Do not apply to irritated skin or if excessive irritation develops. Avoid getting into the eyes, mouth, or on mucous membranes.
