POSITIONING STATEMENT:

Modere uses clinical strength Clarinol® CLA (conjugated linoleic acid) made from natural safflower oil produced in plants with proven technologies and a strict set of quality and safety standards. It helps to inhibit the transport of fat into fat cells, reducing fat cell size and leading to an improved body shape. Clarinol® also enhances the activity of carnitine palmitoyltransferase, an enzyme known to help build muscle mass. Clarinol® is scientifically proven to inhibit cellular fat storage, reduce fat cell size and reduce fat cell formation to promote a sculpted, lean body. *

Ingredients in Modere Trim naturally support increased metabolic activity, helping your body do a better job of converting what you eat and drink into energy. * Trim delivers a clinically effective dose of conjugated linoleic acid in every serving.

Trim also includes award-winning Collagen/HA Matrix Technology™ to promote youthful skin and flexible joints, delivering a full body transformation experience. * All products formulated with our exclusive Collagen/HA Matrix Technology™ support joint and muscle fitness, connective tissue health, restore youthful skin, and support healthy hair, nails, gums and eyes.* Liquid BioCell® has been awarded multiple industry awards, as well as 7 U.S. and international patents.

Enjoy all of these benefits in a zero-sugar, zesty, lemon meringue-flavored liquid shot.

DIRECTIONS/USAGE:

Take one tablespoon directly by mouth daily, preferably in the morning.
